Remarks begin on page 2 of this paper.

REMARKS

Initially, Applicants note, with appreciation, the Notice of Allowance issued in the present application.

For the above-referenced application, Applicants do not necessarily concede the Examiner's characterizations. Applicants do not concede that the Examiner's stated reasons for allowance are the only reasons for which the claims are allowable or that all of the identified limitations are necessary to distinguish the relied upon portions of the cited art. Furthermore, the claims may be patentable for other reasons. In addition, the dependent claims are allowable on their own merits, and are allowable on the basis of a sub-combination of the recited features of the dependent claims and their respective base claims
